World-class equine surgery table that offers quality, safety, function and hygiene

The Haico Pro 3 Equine Operating Table Has 4-way tilt that simplifies the whole surgery process, allowing doctors and nurses clear patient access from animal preparation throughout the procedure. The design enables a full range of procedures and reduces the likelihood of back strain.

Features:
- Four way longitudinal tilt option: +/- 25%; lateral tilt +/- 15%
- Great maneuverability with adjustable and removeable side panels, and moveable head support
- Push button control on both sides of table for easy access during surgery
- Two speed lift for unloading and loading of table
- Side panels can be locked by gas hydraulic cylinders
- Strong and flexible cover to protect mechanics and electronics
- Wireless remote control
- Two colon trays (smaller for side and longer for operations at the back)
- Unique leg support system for easy handling
- Stainless steel wheel castors with directional lock
- Two table top size options, 118" or 111" (280 or 300 cm)
- Multiple optional accessories

Exclusively available in the United States through DRE.
### Specifications:

**Dimensions**
- Table top including head support: 118.11” x 55.11” (300 x 140 cm) or 110.24” x 55.11” (280 x 140 cm)
- Head support of the table: 15.74” x 33.46” (40 x 85 cm) or 11.81” x 33.46” (30 x 85 cm)
- Table width excluding side panels: 19.69” (50 cm)
- Side panels - table: 18.11” x 14.56” (46 x 37 cm)
- Side panels - head support: 11.81” x 19.69” (30 x 50 cm)
- Wheels: 5.9” (15 cm)
- Padding thickness: 2” (5 cm)
- Weight capacity: 1,213 LBS (550 kg)

**Adjustability**
- Minimum height 13.38” (34 cm)
- Maximum height 43.30” (110 cm)
- Pelvic angle +/- 25°
- Head support angle +/- 25°
- Lateral angle +/- 12°
- Head support: removable
- Head support sides: removable
- Side panels: removable
- Control buttons: both sides in front

**Loading**
- Maximum load: 2866 LBS (1300 kg)
- Two-speed lift
- Lifting time normal: 35 sec
- Lifting time fast for unloaded table: 15 sec

**Electric Equipment**
- Operation voltage: 12 V
- Battery service free lead acid cyclic application: 12 V 38 Ah, 10 years
- Automatic battery charger output: 12 V 10 A
- Charger input: 110 V / 240 V AC / 50-60 Hz
- Battery charging time: 4 hrs
- Full battery capacity: 30 lifts
- Wireless remote control standard
- Readiness for transport unit
- Table can be used during charging

**Surface Coating**
- Sandblast, acid bath, double paint
